

## MyBudget 1.0 available

### Description

Flojo-Soft is proud to announce the availability of MyBudget 1.0. After a long period of testing and bugfixing, this release is now declared bugfree by our testers. MyBudget is available as demo version to download, which is restricted to 10 items in both, expenses and payments. Further, there is a 6 second window on startup. The fullversion is available for 19,95 €. for the Zeta OS and for BeOS R5. See [screenshots here](#).

You can read more about MyBudget features [here](#).
